

EAP Freedom of Choice Information

June 2004

Your employer-paid EAP counseling sessions have been completed. You and the provider should have discussed the nature of your problem(s) and reviewed all of the alternatives for continuing services including factors of geography, provider specialization, financial arrangements, and insurance coverage. Having carefully considered all of these options, it is important that you understand you are exercising free choice if you decide to continue treatment with your EAP provider. With your decision, the responsibility for payment will transfer to you and/or your health plan.

EAP is not responsible for services beyond the authorized EAP services.
